Summary

Detail-oriented and highly motivated Software Developer with expertise in FrontEnd Development. Experienced in website development and testing, with a passion for building better software. Possesses problem-solving and ownership skills, demonstrated through successful freelance work in web development for over a year and an internship at SkyBug Technologies. Eager to continue learning and creating web applications using new technologies. Proficient in JavaScript, HTML, CSS, Python, Java, C++, and C.

Experience

Web Developer • SkyBug Technologies   **Dec 2023 - Present**

Implemented FrontEnd Development using JavaScript Frameworks and backend technologies including NodeJs to deliver impactful solutions. Collaborated with teams to optimize user experience and ease the process. Successfully developed and maintained web applications, ensuring seamless functionality. Demonstrated expertise in coding, debugging, and problem-solving, resulting in efficient and high-performing systems.

Freelancing • Worked as a Freelancer   **Nov 2022 - Present**

- Spearheaded frontend web development projects at Some Company, leveraging expertise in HTML, CSS, and JavaScript to create visually appealing and interactive websites
- Collaborated closely with cross-functional teams including designers and backend developers to ensure seamless integration of frontend and backend components
- Implemented responsive design techniques to optimize user experience and ensure compatibility across various devices and screen sizes
- Utilized industry best practices and latest web development technologies to enhance website performance, resulting in increased page load speed and improved SEO rankings
- Developed custom web solutions, including interactive features and animations, to enhance user engagement and drive higher conversion rates
- Conducted thorough testing and debugging to identify and resolve any frontend issues, ensuring a flawless user experience
- Stayed up-to-date with emerging frontend technologies and trends, continuously learning and implementing new techniques to deliver cutting-edge web solutions

Education

Bachelor of Technology - BTech • University of Kalyani, Department   **Oct 2021 - Present**
of Engineering and Technological Studies.

Information Technology • Grade: 8.1

Education:
Bachelor of Technology in Information Technology (2021-2024)

During my time at university, I actively engaged in various events related to programming as the coordinator. This role allowed me to showcase my strong organizational skills and ability to effectively manage teams. I successfully executed multiple programming events, ensuring seamless coordination among participants, sponsors, and volunteers.

In addition to my event coordination experience, I have developed a high level of proficiency as a Full Stack Developer. I have honed my skills in both front-end and back-end technologies, enabling me to create dynamic and user-friendly applications. My solid understanding of programming languages, databases, and frameworks has empowered me to deliver impactful solutions.

Overall, my education journey has not only equipped me with a comprehensive knowledge of computer science, but also instilled in me the drive to actively contribute to the programming community. My experience as an event coordinator and my expertise as a Full Stack Developer make me a valuable asset for any organization seeking a passionate and skilled individual to drive their technology initiatives forward.

DIPLOMA • Murshidabad Institute of Technology, Murshidabad　　　　　**Jul 2018 - Aug 2021**

Agricultural Engineering • Grade: 83.5%

Projects
